Grosse Pointe Audiology

Grosse Pointe Audiology offers hearing aid services with pride. You are treated like a person, not a number.

This private practice provides high quality repair service for all of the aids they sell; they even provide repair services for aids they don't sell!

They also carry hearing aid batteries and a wide variety of hearing aid accessories which make them a one stop experience for all hearing aid needs.

Something about you that most people don't know:? When I was eight, I did 881 cartwheels in one hour and won a contest to raise money for the Jerry Lewis Telethon.

What was your first job? Retail sales at The Gap (while in high school)

Your most often used phrase? Red wine or white?

Best advice you have received? Cherish every minute with your children, they grow up fast.

If you weren't an Audiologist what would you be? I wouldn't do anything else, I love Audiology.

What is your next goal? Get my kids to (age) 18.

Favorite thing to do outside of work? Spend time with friends and family

Words to live by?

May soft be the grass you walk on

May fair be the skies above you

May pure be the joys that surround you

May dear be the hearts that love you

— Old Irish Blessing
